The unexpected no longer  
worries me

*Take good care of yourself*

a member of **MUNICH HEALTH** 

Don't worry about the  
unforeseen, with this policy  
you will have it all worked out

**DKV Profesional**

# The modular insurance policy with the widest range of coverage and services

With this policy you can combine all the coverage you want (health, income protection, accident, funeral) in one bill and at special rates.

Basic contracting modality:

## If you are self-employed

- › You can take out the **Health module** (the others are optional and can be freely combined).
- › Or take out two compulsory modules from **Health, Income Protection, Accident and Funeral**.

## If you are not self-employed

You must take out **two compulsory modules** from **Health, Income Protection, Accident and Funeral**.

# Health module

## Health care made to measure

With this module you have access to the best of private medicine, paying for only what you want, because you can choose the sub-modules that suit your needs and combine them.

### A Primary Care

### B Specialists and complementary means of diagnosis

### C Hospital care & surgery

No long waiting lists, or complicated administration. Take advantage of over **1,200 associated clinics** and more than **19,000 professionals** throughout Spain.

### Module A: Primary Care

- > 24 hour health care at home and emergency services at a hospital
- > Nursing service (A.T.S./D.U.E.)
- > Basic annual cardiac check up
- > Basic clinical analyses and standard X-rays (non contrast)
- > Ambulances
- > Paediatrics and child care
- > General medicine

### Module B: Specialists and complementary means of diagnosis

Includes the **different medical and surgical specialties, means of diagnosis and medical treatment**, when they are given in consultations.

- > Angiology and cardiovascular surgery
- > Allergy and immunology
- > Brain surgery
- > Cardiology
- > Chiroprody
- > Dermatology
- > Digestive apparatus
- > Endocrinology
- > General surgery
- > Geriatrics
- > Gynaecology
- > Haematology
- > Internal medicine
- > Logopaedics & Phoniatics
- > Nephrology
- > Neonatology

- › Obstetrics
- › Odontology
- › Oncology
- › Ophthalmology
- › Otorhinolaryngology
- › Plastic and repair surgery
- › Pneumology
- › Psychiatry
- › Rehabilitation and physiotherapy
- › Rheumatology
- › Surgery of the digestive apparatus
- › Thoracic surgery
- › Traumatology
- › Urology

### **Module C: Hospital care**

Includes the expenses arising from admission and the medical or surgical fees corresponding to the treatment received.

#### **Includes:**

- › **Oncology treatment:** radiotherapy, brachytherapy and chemotherapy.
- › **OSNA technique or method:** intra operative molecular diagnosis of the sentinel node for breast cancer at an early stage, without lymphatic extension.
- › **Renal and vesicular lithotripsy.**
- › **Dialysis and haemodialysis.**
- › **Surgery of the Groups II to VIII of the OMC,** carried out exclusively in a hospital centre.
- › **Major out-patient surgery.**
- › **Surgical radiology or profound vascular exploration.**
- › **Family planning techniques:** We cover tubal ligation, tubal occlusion hysteroscopy and vasectomy.

- › Stereotactic radio neurosurgery.
  - › Arthroscopic surgery.
  - › Turbinate surgery or turbinoplasty and adenoamigdaloplasty by radiofrequency.
  - › **High Therapeutic Technology:** 3D Carto system for radiofrequency ablation and corneal cross-linking and surgery assisted by intracranial and spinal tumour neuronavigators and intraoperative neurophysiological monitoring of the nervous system in intracranial surgery and fusion or arthrodesis of 3 levels or more of the spine.
  - › **Surgical laser** in ophthalmology, proctology, peripheral vascular surgery and otorhinolaryngology in gynaecological and genital pathologies.
  - › **Holmium laser, green (KTP and HPS) diode and thulium** for the surgical treatment of benign prostatic hyperplasia.
  - › Percutaneous nucleotomy and Chemonucleolysis.
  - › Surgical prostheses.
  - › Daily compensation for hospital care.
- And covers:**
- › **Medical hospital care.**
  - › **Surgical hospital care.** Includes immediate post operative visits and treatment (up to 2 months after surgery).
  - › **Obstetric hospital care.** Includes cot and/or incubator for the new born baby during admission, up to a maximum of 28 days.
  - › **Paediatric hospital care** (For under 14 year olds).
  - › **Psychiatric hospital care.** For acute outbreaks. (maximum period of 60 days per natural year).
  - › **Hospital care in Intensive Care Unit.**
  - › **Hospital care for dialysis** and artificial kidney. For the treatment of acute renal inadequacies.

### **All the modules include worldwide care in case of an emergency**

For stays of up to **180 days**:

- > Transfer and health repatriation of injured and/or sick persons.
- > Return ticket and hotel expenses for a relative of an insured person who stays in hospital for over 5 days (up to 30 EUR /day) with a maximum limit of 300 EUR.
- > Premature return of the insured person because of a relative's death.
- > Premature return of the insured person due to a fire or problem in his home.
- > Expenses of medical, surgical, pharmaceutical, hospital care and ambulance abroad (limit of **20.000 EUR**).
- > Emergency dental expenses (up to 150 EUR).
- > Expenses of an extended stay in a hotel (up to 30 EUR /day) with a maximum limit of 300 EUR.
- > Delivery of medication.
- > Telephone medical consultations.
- > Repatriation of the deceased and of accompanying insured persons.
- > Companion in case of death.
- > Assistance with locating and sending of luggage.
- > Delivery of documents.
- > Legal defence costs abroad (up to 1.500 EUR per claim).
- > Advance for bail abroad (up to 6.000 EUR per claim).

# Everything that you need within your reach

The wide coverage of the policy includes among other things:

## **Psychology** (Module B)

Maximum of **20 sessions per year**, except for eating disorders with a limit of **40 sessions/year**.

## **Specific programmes of preventive medicine**

(Module B)

Take advantage of the specific preventive medicine programmes

### **1. Programme of infant health.**

- > Exercise classes for preparation for birth.
- > Check up of new born baby
- > Preventive rehabilitation of the pelvic floor after birth (max 3 sessions).
- > Child vaccination programme
- > Health controls.

### **2. Programme for the advance detection of gynaecological cancer in women.** Annual gynaecological check up.

3. **Programme for the prevention of heart disease.** Complete cardiac check up every three years with clinical history, physical cardiac exploration, specific and preventive analysis of the atheromatous, rest and stress electrocardiogram and an echocardiogram.
4. **Programme for the prevention of skin cancer.**
5. **Programme for the prevention of colorectal cancer, in people with a medical history of such trouble.**
6. **Programme for the prevention of prostate cancer for men over 45.**
7. **Dental health programme.** Fissure sealers and obturations (fillings). Up to 14 years of age. If you have taken out the Specialists module.

### **Healthy living plan “Vive la salud”**

Consult the web **programas.vivelasalud.com** or telephone 902 499 499 | 913 438 596 | 934 797 539, and take advantage of our prevention and health promotion programmes, such as:

1. **Prevention of work related stress.** When work can affect the different aspects of a person's life (family, social, work)
2. **Preventing a stroke.** Aimed at the adult population, especially those who show risk factors or a background of cardiovascular illness.
3. **Child obesity prevention programme.** Education for the acquisition of healthy eating habits through educational material aimed at children.

# In DKV, we think about you

## **Access to mammography without authorisation** (Module B)

## **Family planning techniques** (Module C)

We cover tubal ligation, tubal occlusion hysteroscopy, vasectomy and the fitting of the I.U.D. (The cost of the intrauterine device is not included) through associated centres.

## **Prosthesis** (Module C)

With a maximum limit of 12.000 EUR per insured person, per year.

## **Breast reconstruction** (Module C)

After radical surgery, and if required, during the same operation the reconstruction of the healthy contralateral breast (maximum limit of one year after the oncology surgery) Includes the breast prosthesis, skin expanders and coated breast meshes.

## **Transplants of bone marrow, liver, kidney, cornea and heart** (Module C)

If you take out all the modules, that is to say complete medical care, you can also take advantage of these other guarantees:

## **Refund for serious illnesses abroad.**

If a serious illness has been previously **diagnosed in Spain** (heart attack, cancer, cerebrovascular illness, transplant of organs, paralysis / paraplegia) **medical and/or surgical treatment for these abroad through the refund of expenses** (80% of the total amount of the invoices paid) up a maximum limit of 16.000 EUR per insured person, per year.

## **Coverage in the event of Dependence grade 3 (levels 1 and 2) due to an accident.**

Refund for family care and/or care for dependence services up to a maximum limit of 10.000 EUR. Includes care services in the home, fixed and portable tele-assistance and home adaptation service.

# We stand out

## **Promise of non-cancellation of the policy by DKV**

We will not cancel the policy of any client provided that he has completed three full years with us, except for breach of contract.

## **Daily compensation for hospital care**

DKV Seguros pays **50 EUR/day** in compensation from the third day following admission up to a **maximum of 1.500 EUR per insured person/year**, provided the expenses derived from this hospital care have not been paid by the company.

## **Without limits for hospital care**

Except for psychiatry, which has a limit of **60 days/year**.

## **Rapid appointment administration service.**

A telephone helpline to speed up your appointment for a diagnostic test or surgical admission, which has been authorised beforehand.

## **Online authorisations.**

Deal with your authorisations in a rapid, effective way through our web.

## **Discounts for family units in individual modality policies:**

7% (4 insured persons)

12% (5 or more insured persons).

## **DKV Medi-Card®**

Identifies you as a DKV client, avoids the use of medical cheques and gives you access to our associated network.

## **Call Centre.**

## **PERIODS OF GRACE**

**All the services included in the policy, can be used from the first day, except**

Hospital Care (\*) and Surgery  
(including surgical prostheses): **6 months**

Childbirth (except premature births): **8 months**

Transplants: **12 months**

\* Hospital care for a life threatening emergency or for an accident has no period of grace.

Any type of pathologies existent before contracting the policy are excluded from the coverage of the insurance policy and should be reflected in the health declaration. Consult policy conditions and limits in the general conditions.

# Income protection module

## The insurance policy that works for you

Avoid the pressure of time off work. This module can include daily compensation for hospital care.

### Guarantee yourself a daily income

#### 1. Temporary disability

Compensation for every day that you have to temporarily interrupt your professional activity, or work, in a temporary way due to an illness or an accident that occurred either at work or in your free time. You can select coverage of 1 year, 18 months or 2 years.

#### Benefit for childbirth

For each new born baby or adoption if the mother has been insured for at least 8 months, she will receive a one off payment equivalent to 20 times the guaranteed daily income for being off work in the first period.

#### 2. Hospital Care

Compensation for every day that you have to spend in hospital as the result of an illness or accident. Coverage of up to 365 days, from the second day of admission onwards.

# Scaled income protection module

## The convenience of a fixed scale

In the case of time off work, this module guarantees you a set compensation payment according to a scale, which doesn't depend on the real length of the temporary disability.

### Advantages

#### So easy to use

For each type of claim or pathology, we will pay the amount set in the scale.

#### The compensation will be paid immediately

At the start of your time off work, without having to wait to go back to work.

#### The widest coverage on the market

This module covers pathologies that other companies don't contemplate.

#### Fiscality

If you are not contributing through the module system, that is to say through Direct Estimation, you can deduct the cost in your income tax declaration.

#### The private solution for the general regime of self employed workers (RETA)

### If you want, include more

#### Compensation for hospital care

#### Income protection with a 90 day excess.

If the time off work is longer than that set in the scale, we will continue paying you until return to work, since the guarantee of the regular income protection policy will then be applicable.

# Accident Module

## The solution to face the unforeseen

You have guaranteed compensation for those unexpected things that you or your family may suffer due to an accident

### Advantages

**Generous compensation payments**

**24 hour Call centre**

902 499 499 | 913 438 596 |  
934 797 539

To request information, authorisations, suggestion...

**Optional coverage of private health care coverage in the event of an accident:**

Treatment given in our associated centres or, if you select treatment with non associated doctors and centres, we will pay up to 1.800 EUR.

### Everything that you need within your reach

**Death due to an accident**

Compensation paid to a beneficiary according to the capital stipulated in the particular conditions.

**Basic permanent disability**

If the accident results in the total permanent disability of the insured person, duly checked and determined within the period of one year of the accident occurring, we will pay the capital stipulated for this coverage.

In the case of partial permanent disability the compensation will be determined according to a scale.

# Women's accident module

## A very personal insurance policy that's made to measure

Don't let an accident affect your family's finances. With this module you are guaranteed compensation and you can adapt the premium to your needs. In addition, all the modalities include a free annual gynaecological check up.

### MODALITY 1

Death	12.020,24 EUR
Permanent disability up to	24.040,48 EUR
Health care*	included
Aesthetic surgical repair expenses	6.010,12 EUR
Annual gynaecological revision included**	included

### MODALITY 2

Death	18.030,36 EUR
Permanent disability up to	36.060,72 EUR
Health care*	included
Aesthetic surgical repair expenses	6.010,12 EUR
Annual gynaecological revision included**	included

### MODALITY 3

Death	30.050,61 EUR
Permanent disability up to	60,101,21 EUR
Health care*	included
Aesthetic surgical repair expenses	6.010,12 EUR
Annual gynaecological revision included**	included

\* Health care is unlimited with the company's resources and up to 1.803,04 EUR with external means. In all modalities coverage is in case of an accident.

\*\* Annual gynaecological check up consists of medical consultation and vaginal cytology, carried out by doctors and centres indicated by DKV Seguros. Contact your branch for further details.

# Funeral module

## Protect the future of your family

In the event of the insured person's death, we guarantee either the payment of compensation to cover the costs of the burial or the provision of a funeral service as requested by the relatives.

### Advantages

#### Renewable annual premium

For insured persons aged up to **70 years old**, this is a temporary, **annually renewable insurance policy**, with an annual revaluation both for the level of benefit and for the premiums, applying every year the rate for their present age and sex.

The coverage of funeral **insurance in DKV Profesional will finish when the insured person reaches 70 years of age.**

At that point the coverage is indefinitely extended through an **individual Funeral policy**, which DKV Seguros offers through a levelled premium modality.

#### Lifelong policy

The decision to continue with the policy depends on the insured person alone.

#### Insure all your family for a small sum.

We will take care of everything.

## Health and wellness services\* offered by selected professionals with the guarantee of DKV.

\*Consult the services included according to the module contracted

### Take care of yourself at the best price
